## RESUME SUMMARY

---

Recent full stack web developer graduate with several years of managerial experience across multiple industries, predominantly hospitality while travelling around the world. A down to earth, easy going individual is how I would describe myself. Productive in a team environment and/or an unsupervised individual environment. Same goes for working onsite vs working remotely, I'm pretty adaptable to where/when I work.

## EDUCATION

---

- 1 **Developers Institute** – Whangarei, New Zealand (01/09/2020 – 28/05/2021)  
NZ Diploma in Web Development and Design – Level 5
- 2 **University of Waikato** – Hamilton, New Zealand (2006 – 2010)  
Bachelor of Management Studies. Majors: Info Systems & Strategic Management

## TECHNICAL SKILLS – Web Dev/Design

---

HTML5, CSS3, Javascript, React, PERN & MERN stacks, RESTful APIs, CRUD routes, Docker, AWS Copilot, Agile & Dev Ops methodologies & expose to collaboration tools such as Jira, Miro. I can code in VScode both on MacOS and WSL2 through Ubuntu.

## MOST RECENT WORK EXPERIENCE

---

- 1 As of 14 June 2021 - I am employed full time at Developers institute in Whangarei as an **Associate Developer and Teaching Assistant**.
- 2 Madison Recruitment Agency – Whangarei, NZ. **Customer Service Rep** 02/2020 – 09/2020. Classified as an essential worker through Covid lock down, I worked onsite at the Inland Revenue Department helping customers coordinate financial matters during challenging, unprecedented times. I can draw synergy from working through the ever changing environment of Covid, coordinating the wage subsidy scheme information in 2020 and applying it to the IT industry in general. Ie IT is always changing and adapting to new challenges, always some uncertainty and always learning all the time as we go.
- 3 **International Operations Coordinator** at InternationalSOS (Sydney, Australia). This global and private company operated as an assistance company, primarily in the areas of medical assistance with security/travel assistance services. Most of our clients were corporate clients and our members on business trips, we operated as sort of a 3<sup>rd</sup> party

- middleman company linking A with B. My role was logistical, working with nurses and doctors in front of a computer in a call centre environment, fast paced and at times very stressful. Activities ranged from linking up callers for medical/security advice & referral appointment to emergency evacuations, medical escorts/transportation to the nearest centre of medical excellence.
- 4 **Bar Manager** at Oyster Bar Darwin (Darwin, Australia) – This role allowed me to coordinate inventory levels and purchasing of alcohol/beverages through weekly stocktaking and ordering. Banking and invoice recording were also part of this role, as was performing the role of a duty manager, which involved facilitating the running of the venue for the shift. I.e. Managing staff (employees), keeping customers satisfied/happy whilst maintaining standards set out in our licensing agreement. I resigned on good terms after 12 months to move back to NZ to become closer to friends/family due to largely to my mums deteriorating health.
  - 5 **Interim Manager** at Berry Best Ltd (Te Puke, NZ). This position involved me coordinating and setting up multiple mobile shop locations to sell fruit and vegetables to customers on the side of the road. I had to organise distribution channels and constantly network to deem which wholesale suppliers/local growers best tended to the strategic needs of Berry Best Ltd. I also had to run advertising campaigns, manage employees, analyse profit/loss patterns and other varying trends affecting overall turnover levels. For example; weather patterns, days of the week, etc.
  - 6 **Production Manager/2IC** at Berry Best Ltd. Prior to becoming interim manager for a season, this was my longer term position and was seasonal work over summer seasons and predominately required me to ensure the smooth running and managing of the pack house. This involved effectively liaising and getting along with my staff to meet time and cost constraints that had major implications on the business on a daily basis. Alongside a sales manager, I coordinated product outsourcing by depicting which distribution channels were more viable in a highly volatile environment on a day by day basis. I was also acting manager in the absence of the managing director.
  - 7 Various other jobs while studying and growing up (7 or more years ago) such as: bar work/hospitality in England and Scotland, selling expensive high-end Kirby vacuum cleaners, process work for DEC Manufacturing in Hamilton, Lifeguard at the aquatic centre and also laboratory work at the Oil Refinery in Whangarei.

#### ***Miscellaneous Awards/Achievements:***

---

Finalist at NZ Age Group and Open Champs (2006) for 200m breaststroke, placing 8<sup>th</sup> in NZ for my age group of 17 & 18yr old boys. Swimming NZ Age Groups Div2 (2003-2005). Achieved 2 medals in 2004 & 6 medals in 2005. Competed in the 2004 NZ College Games for swimming. Represented Northland at the 2005 NZ Areas Schools' Sports Tournament for football/soccer, in Rotorua. Also made the North Island team.

***Thank you for your consideration and time.***
